I, _____, have received and read the following Miami Beach Community Health Center Policies:

1. The patient will be responsible for keeping the Miami Beach Community Health Center registration card updated. This card must be presented every time the patient uses the center's services.
2. Please arrive at least one hour before appointment time. It is your responsibility to have your clinic card updated before your appointment time. You will be considered late and lose your appointment if you arrive 5 minutes after your appointment time.
3. If you do not have an appointment, we will try to accommodate you between appointments, but this may take a very long time.
4. If you need a physical exam, a Pap smear, or a new Obstetric visit, you must make an appointment.
5. Children will not be seen without their parent or legal guardian present.
6. In addition to your payment for the doctor's visit you will be required to pay for each prescription filled by our pharmacy. You will be required to pay additional fee for any x-rays or injections ordered by your doctor. All of those fees must be paid in advance.
7. You will be required to pay the established fee for each laboratory test ordered by your doctor. This fee has been set at approximately 1/3 of the cost of regular commercial laboratory fees. The fee for each laboratory test varies among tests. All laboratory fees must be paid in advance.
8. Most adult immunizations require full payment of all charges in advance. No discounts are provided for adult immunizations.
